The 'adjustment factor' for the corporate action shall be 1.50 and the ex-date for the corporate action shall be July 18, 2025. The following action will be taken by NSE Clearing in this regard.

**1. Action by the NSE Clearing in respect of Futures Contracts:**

All open positions in futures contracts with the underlying security as MOTHERSON existing after End of day on July 17, 2025, will be adjusted as under:

**Positions:** The adjusted positions shall be arrived at by multiplying the number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as per Circular no. 120/2025 (Download no. 69010) dated July 08, 2025.

**Futures Price:** The adjusted futures price would be based on the Settlement price of the relevant futures contracts on July 17, 2025. Adjusted futures price shall be settlement price of relevant futures contracts on July 17, 2025, divided by 'adjustment factor'.

**Adjusted value:** In order to avoid difference arising due to rounding off of adjusted settlement price, the carry forward/adjusted value shall be computed by multiplying pre adjusted futures long/short quantity with pre adjusted settlement price. Accordingly, all positions in futures contracts with the underlying security as MOTHERSON would be marked-to-market on July 17, 2025, based on the daily settlement price
